The most epic space opera since FTL itself is now available! Rete'ah, the new civilization of giant drones, builds the ultimate defense as it rises up to conquer the galaxy. When you've got a massive drone ship and a fleet of nimble fighters at your command, you rule the galaxy! Customize your ship's design, load weapons, and fight your enemies! But be careful: can you get a perfect defense? Notes: Some images, sounds, and video are not included in the final release. Questions & Answers : Q: Will there be a new save file system available in the Pro version? A: Yes, you can keep multiple save files by using the 'Back' button when there's an ongoing battle and returning to the main menu. Q: I keep crashing when I try to access the StarMap menu, what should I do? A: If you keep getting crash reports, try clearing the data of the game on your device by using the 'Settings' button and then restarting the game. If that doesn't work, delete the app's data and reinstall the app. Q: Will there be a way to get in-game experience points on a second device? A: Yes. 82157476af
